

Meet our Experts

Dr. S. Marcus Beschnidt, DDS, D.M.D.

Specialist for Prosthodontics (DGPro) Specialist for Implantology (DGI/BDIZ/EAED)

Dr. Beschnidt has a Degree in Dentistry from the University Hospital Albert Ludwigs University, Freiburg, Germany. In 2004 he established his own private dental practice in the Brenners Park-Hotel & Spa, Baden-Baden.

Dr. Beschnidt ranks among Germany's top dental specialists and distinguishes himself with outstanding work in the fields of microsurgery, implantology and cosmetic dentistry.

THE CLINIC

The private dental practice is located in the Villa Stephanie, a historic building that is part of the Brenner's Park-Hotel & Spa in Baden-Baden.

Being part of the „Leading Hotels of the World“ means that their amenities and services are of an exceptional standard that they provide to their patients.

The Grande Dame of Spa Resorts – Baden-Baden, Germany

Next to the Black forest

Baden-Baden is an idyllic city on the edge of the Black Forest national park and is considered the Grande Dame among the health resorts in Germany. The cityscape is dominated by stately hotels, palatial villas, avenues, parks and chic boutiques. The elegant spa gardens are known for their exotic and colourful variety of plants and trees.

The nearby countryside is ideal for nature lovers for hiking and mountain climbing.

How to Get there

If arriving via Frankfurt Airport, take the direct train to Baden-Baden (DB, Deutsche Bahn) which departs every two hours.

Or frequent connections are also available via Karlsruhe or Mannheim with a duration of approx. 1.5 hours.

If arriving via Stuttgart Airport, take the train with connections in Karlsruhe or Stuttgart. Duration approx. 2 hours.

If arriving via Basel (EuroAirport Basel-Mulhouse-Freiburg), you can contact us to have a transfer arranged (duration approx. 1.5 hours).

If you prefer private transportation please contact

Merima Bajramovic.

Overview Course Content

This two-day course with Dr. Beschnidt offers participants a comprehensive theoretical, hands-on and live surgical training experience.

The theoretical program covers topics such as implant treatment for the upper/central lateral incisors, one-time abutment, vertical augmentation procedures including tips and tricks on soft tissue surgery via a video tutorial.

The hands-on program helps participants to deepen their experience in flap and suturing techniques. All exercises are practiced on pig ears and jaws.

During the live surgery portion of the course, hard and soft tissue augmentation procedures are demonstrated, as well as sinus grafting.

After completion

Participants will be able to:

- cover recessions with rotation flaps and connective tissue grafts, using an artificial soft tissue matrix
- use the transplant tunnelling technique
- use the technique of multi-layer flaps
- see the advantages of working with magnifying loupes

Requirements

Dentists must have:

- experience in placing multiple implants
- basic knowledge of suturing techniques

Certificate

You will receive a certificate for 12 hours continuing education.

Course location

Dr. med. dent. S. Marcus Beschnidt

Private Dental Practice

Lichtentaler Allee 1

76530 Baden-Baden/Germany

The course is flexible enough that it can provide a robust learning experience for clinicians who have either a basic or advanced clinical experience level.

Hands-on procedures are conducted in the Camlog Training Facility and the live surgery procedures at the clinic of Dr. Beschnidt.

Day 1

Theoretical portion of the course will cover:

- Implant treatment in the aesthetic zone with a 3D guide using a digital workflow
- Advanced augmentation procedures
- Soft tissue management

Day 2

Hands-on advanced flap and suturing techniques.

All exercises are practiced on pig ears and jaws.

- During the live surgery you will observe
- augmentation procedures
- sinus grafting
- aesthetic implant placement
- one-time abutment technique
- recession coverage
